

WHO WE ARE

Beyond Measure is a team of size-inclusive psychologists and dietitians located in Redwood City, CA. We provide outpatient therapy and nutrition counseling using a Health at Every Size® aligned approach. Our team has expertise in the treatment of eating disorders and disordered eating, however, we work with a wide range of mental and physical health needs. We value a collaborative environment which we believe leads to excellent patient care.

We strive to provide the best possible care to each individual we work with, respecting the complexity of our patients' lived experiences and intersectional identities. All work that we do is rooted in body liberation and an anti-diet approach to wellbeing. For both patients and clinicians, we strive to create an environment that is accessible, affirming, and inclusive.

We are looking for a Child & Adolescent Therapist to join our team!

WHAT WE OFFER

- A multidisciplinary team of colleagues dedicated to providing quality treatment, with whom to collaborate, coordinate, and consult
- A warm, professional work environment designed to retain excellent providers who hope to learn and grow in their role
- Highly competitive compensation
- Paid clinical and non-clinical time
- Office space in Redwood City, CA
- A hybrid schedule, including both virtual and in-person time
- Referrals matched to your clinical expertise - we handle all outreach and incoming referrals, including initial scheduling, freeing you up for direct patient care.
- Flexible scheduling
- Weekly team consultation meetings
- 401(k) with match
- Liability insurance

WHAT WE ARE LOOKING FOR

- LCSW, LMFT, or Psychologist licensed to practice in the state of California
- W2 Employee – Part time with increase over time
- Schedule availability adequate to meet the needs of patients (some evenings required; weekends available but not required)
- In person availability from our office in Redwood City, hybrid also available
- Extensive experience in evidence-based approaches for a variety of mental health concerns
- Interest in working in a group practice setting and collaborating with colleagues to promote ongoing learning
- Dedication to providing accessible, inclusive, and culturally sensitive care to patients, as well as fostering this environment within Beyond Measure
- Experience and interest working on, and collaborating with, a multidisciplinary team
- Familiar with HAES/weight inclusive approach and openness to ongoing learning
- Experience with evidence-based approaches to working with children, adolescents, and families with a variety of mental health concerns
- Understanding and experience with the legal and ethical issues, and requirements, that arise when working with children and adolescents
- Specific training in Parent-Child Interaction Therapy (PCIT) or Trauma-Focused Cognitive Behavioral Therapy (TF-CBT) is of interest, though not required

HOW TO APPLY

Please send your resume and cover letter to info@beyondmeasuresfbay.com

We look forward to hearing from you!
